## 1 INTRODUCTION

### 1.1 DISCONTINUATION INFORMATION

This discontinuation notice informs, that ELATEC is discontinuing the manufacture of a number of products. All affected products and associated part numbers are listed in this document.

This notification is intended to inform our customers and partners, so they have the opportunity to respond and modify their product portfolio accordingly. Should you have any further questions regarding this product discontinuation, we stand ready to assist you at any stage, in order to minimize the impact of this product discontinuation on your business.

### 1.2 REVISION HISTORY

VERSION	CHANGE DESCRIPTION	EDITION
01	First edition	08/2022

## 2 PARTS AND PRODUCTS AFFECTED

The PDN comprises the entire family of TWN3 LEGIC products. Both, OEM PCBs (i.e. modules) and the desktop housing versions. All product variants and derivatives are affected, including customer-specific derivatives.

The product discontinuation also includes all variants, that differ among others by different cable lengths, cable connectors, firmware options, colors etc. The reader series was equipped with either the LEGIC SM-4200 front end or the SM-4500, both variants are discontinued. The common product names are TWN3 LEGIC and TWN3 LEGIC M with optional amendments to those names.

PART NUMBER	PRODUCT
T3DO-BXXXX-YYY	TWN3 LEGIC NFC M
T3DT-BXXXX-YYY	TWN3 LEGIC NFC
T3OK-BXXXX-YYY	TWN3 LEGIC NFC OEM Kit
HPK3-BXXXX-YYY	TWN3 LEGIC NFC Pocket Kit

XXXX = stands for interface indications, firmware customizations, housing colors or inlays  
 YYY = stands for firmware options, customizations

## 3 SUCCESSOR

Compared to its predecessor products in the TWN3 LEGIC series, the successor TWN4 MultiTech 2 LEGIC LF HF supports not only single frequencies but all common 125 kHz and 13.56 MHz RFID technologies as well as NFC. The TWN4 MultiTech 2 LEGIC LF HF offers a wide range of product variants, that surpass those of its predecessor. Interfaces such as USB, RS-232, TTL and others are available. In addition, individualizations can be made to the reader such as customization of the inlay and firmware. The Powerful SDK can be used to develop apps, that run directly on the reader. In addition, the firmware can be updated in the field.

There is no direct successor product for the TWN3 LEGIC NFC Pocket Kit, but we can recommend the TWN4 Slim LEGIC as a successor product. As the TWN3 LEGIC NFC Pocket Kit is mostly chosen because of the limited installation space, the TWN4 Slim LEGIC is the ideal choice as it is smaller than an ID-1 card.

Below you will find an overview with the indication of the replacement product for your device:

PRODUCT	PART NUMBER	SUCCESSOR	PART NUMBER
TWN3 LEGIC NFC M	T3DO-BXXXX-YYY	TWN4 MultiTech 2 LEGIC M LF HF	T4BO-B6-YYY
TWN3 LEGIC NFC OEM KIT	T3OK-BXXXX-YYY		
TWN3 LEGIC NFC	T3DT-BXXXX-YYY	TWN4 MultiTech 2 LEGIC LF HF	T4BT-BXXXX-YYY
TWN3 LEGIC NFC 9 POL	T3DT-BRXXX-YYY		T4BT-BRXXX-YYY
TWN3 LEGIC NFC POCKET KIT	HPK3-BXXXX-YYY	TWN4 Slim LEGIC*	T4QC-DXXXX-YYY

XXXX = stands for interface indications, firmware customizations, housing colors or inlays  
 YYY = stands for firmware options, customizations

\* = Individual kits available on request. Kits are a compilation of the TWN4 Slim LEGIC reader, accessories and packaging configuration (boxed or bulk packaging). After the configuration of the kit, customers receive their own article number.

For more product information, availability and alternatives please contact your local sales team.

# 4 TIMELINE

## Last time buy date

This date represents the last opportunity to place an order with ELATEC. All orders placed before and including the specified date will be accepted. All orders placed after this date will not be accepted, you will have to switch directly to the substitute product.

## Last time delivery date

After this date, the specified discontinued products will no longer be shipped.

## End of maintenance

Any maintenance or repair of the product no matter HW or SW will not be performed anymore after this date. Maintenance includes, but is not limited to the following operations:

- Fixing of small errors "bugs" in the SW (Non-Breaking Bugs)
- Implementation of new features and functions (mostly SW)
- Development / customization of SW and HW to maximize performance, stability and security

## End of support

At the end of support date, all support of the product is no longer available. This includes, but is not limited to, immediate support to the partner or customer for technical issues in the field. Furthermore, support including technical assistance for existing or new installations. SLAs (Service Level Agreement) contracts are of course observed by ELATEC as long as they apply and until they expire.

DESCRIPTION	DATE
LAST TIME BUY DATE	Effective immediately
LAST TIME DELIVERY DATE	Due to current chip allocation the last delivery date must be aligned individually
END OF MAINTENANCE	31 <sup>st</sup> of December 2022
END OF SUPPORT	31 <sup>st</sup> of December 2023
