

ELATEC – BUSINESS MODEL

QUALITY POLICY

ELATEC – Quality Policy:

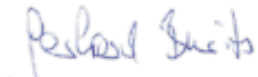

ELATEC is dedicated to satisfying our customers, stakeholders, and employees by providing superior quality products at a fair market price. Our commitment to quality is vital to fulfilling that promise and a fundamental component of our company culture.

Our goal is always be a technology leader and offer our customers and suppliers an equitable partnership.

ELATEC leadership is accountable for establishing measurable objectives and driving continuous improvement across our customer-centric, quality- and business processes.

We are committed to implementing and maintaining a quality management system and business processes that ensure we meet customer, social, legal and environmental responsibilities. Addressing climate change proactively through emissions reductions, energy efficiency, and sustainable practices offers us opportunities for innovation, cost savings, and enhanced resilience.

All employees are expected to contribute to the success of the quality management system, to meet their commitment to total customer satisfaction by individual work and active involvement in the quality improvement of ELATEC's products, processes and services.
